FLINT, MICHIGAN

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF MICHIGAN

United States of America
Plaintiff,

v.

Civil Case No. 1114944
District Court:
Magistrate Judge:

Sharon Muse
Defendant(s).

COMPLAINT

I would like more time to file a motion / answer
because I don't know what is going on & I have
no money for an attorney & I need to find out
things & ask questions to be directed to the
appropriate appropriate attorney if I can get
one to take my case with my income being
low as it is, I also take care of a disable person
who is sick and have doctor's appointments, therapy
and things of the sort and I must find someone
to sit with him while I try & figure who to
go to and where. I am asking for at least 60 days.
I need to get things in order as far as his already
scheduled doctor's appointments and other things

that were already going on in our lives. Plus it's the holiday and they are looking forward to some things they had planned. I just found out the Court was here in Flint, there is no other information on the paper plus it was on my front yard the paper wasn't in my mail box I just happen to see this pack & went to get it & my name was on it.

Thank you very much, looking forward to hearing from you soon.

Sincerely

Sharon Muse
